MALMIN

3. Springar etter Svein P. Eikeland, Lat opp flordøri etter Olav Førland

This is a sprongar from the Fjord district and choro one from West Agder. The

whole Andes comes this singer rhythym

are played in the few-chap cells. Olav Christer comes the singer rhythym

on the addle is used up to the intercal of a natural sixth and both tunes

are different. Ut vrenn is more rhythmically free or, but is now played with

the chords. Only when, when is now played with the right sound. The highest strung

make a version, which is now played with the left hand and it was the

trough you can in this recording has made by singer Black from
